

“Can You Find Something Red”

Traditional song with adaptations by Cathy Bollinger

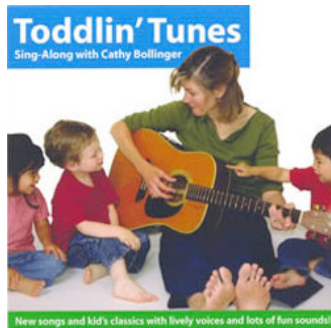

Can you find something red, doodah, doodah
Can you find something red
And when you do pat your head
Can you find something blue, doodah, doodah
Can you find something blue
And when you do touch your shoe

Chorus Clap your hands with me
Clap your hands with me
We found red and we found blue
So clap your hand with me

Can you find something black, doodah, doodah
Can you find something black
And when you do touch your back
Can you find something green, doodah, doodah
Can you find something green
And when you do tell me what you see... the green grass

Chorus

Can you find something pink, doodah, doodah
Can you find something pink
And when you do make your eyes blink
Can you find something white, doodah, doodah
Can you find something white
And when you do say goodnight

“Can You Find Something Red”

Traditional song with adaptations by Cathy Bollinger

Can you find something red, doodah, doodah
Can you find something red
And when you do pat your head
Can you find something blue, doodah, doodah
Can you find something blue
And when you do touch your shoe

Chorus Clap your hands with me
Clap your hands with me
We found red and we found blue
So clap your hand with me

Can you find something black, doodah, doodah
Can you find something black
And when you do touch your back
Can you find something green, doodah, doodah
Can you find something green
And when you do tell me what you see... the green grass

Chorus

Can you find something pink, doodah, doodah
Can you find something pink
And when you do make your eyes blink
Can you find something white, doodah, doodah
Can you find something white
And when you do say goodnight
