

“Listen to the Animals”

Cathy Bollinger

**Have you ever been to a farm?
Come on, let’s go see the animals.**

**Listen to the animals on the farm,
Laughing and singing from barn to barn
Listen to the animals on the farm,
I’ll tell you just what they say.**

**Oh the cow says moooooo
And the pig says oink oink oink
The duck says quack quack quack
And the sheep says baaaaaa**

**The little pink pigs are rolling in the mud
while the cows are chomping and chewing their cud
The mice are squeaking, the birds are tweeting
The rooster says cock-a-doodle-doo**

**Listen to the animals on the farm,
Laughing and singing from barn to barn
Listen to the animals on the farm,
I’ll tell you just what they say.**

**Oh the horse says neigh
And the dog says woof woof woof
The chicken says cluck cluck cluck
The cat says meow**

**The kittens are playing with a ball of yarn
While the chickens cluck at the back of the barn
The mice are squeaking, the birds are tweeting
The rooster says cock-a-doodle-doo**

**Listen to the animals on the farm,
Listen to what they say!**
